REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the instantly claimed subject matter teaches of a microsphere comprised of hyaluronan that is derivatized with a dihydrazide crosslinker at the carboxylic acid moieties of glucuronic acid sites of the hyaluronan, whereas the prior art of Pouyani et al. is directed to hyaluronic acid compositions that are functionalized with hydrazido groups that have formed hydrogels, which form "porous sheet like structures with pore sizes in the range of 20 to 100 micrometers (column 33, lines 22-323), that are used for inter alia, skin grafts, and need to allow the cells, such as keratinocytes, to grow in three dimensions. Accordingly, the skilled artisan is not motivated to replace the hydrogels of Pouyani et al. with microspheres because Pouyani et al. is directed to artificial grafts to support the growth of cells.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to D. C. Jones whose telephone number is (571) 272-0578. The examiner can normally be reached on Mondays, Tuesdays, Wednesdays, and Fridays from 8:30 am to 6:00 pm.

Art Unit: 1614

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christopher Low, may be reached at (571) 272-0951. The official fax No. for correspondence is (571)-273-8300.

Also, please note that U.S. patents and U.S. patent application publications are no longer supplied with Office actions. Accordingly, the cited U.S. patents and patent application publications are available for download via the Office's PAIR, see <http://pair-direct.uspto.gov>. As an alternate source, all U.S. patents and patent application publications are available on the USPTO web site (www.uspto.gov), from the Office of Public Records and from commercial sources.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications may be obtained from Private PAIR only. For more information about PAIR system, see <http://pair-direct.uspto.gov>. Should you have any questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 1-866-217-9197 (toll free).
